**UNITING
THE COUNTRY
BY UNITING
THE REGIONS!**

“It’s great to have a channel that connects the whole country through information, works with positive news, and tells stories about life in the regions. It showcases people, specific stories... The journalists are doing an excellent job!”

Valentina Matvienko

Speaker of the Federation Council

VMESTE RF

USEFUL INTERESTING INFORMATIVE

The Federation Council's television channel Vmeste RF started broadcasting on 27 April 2013 on the Day of Russian Parliamentarism. The channel broadcasts information about the legislative activities of the Federation Council, as well as live broadcasts of chamber and committee meetings, parliamentary hearings, opinions of authoritative newsmakers, regional news, foreign parliament event reviews, educational and popular science programs, and documentary films.

The channel's main goal is to share all socially significant events both in the life of the country and the regions. The core of the channel's programs are important economic, social and cultural practices, valuable experiences of the republics, territories and regions, as well as interesting events.

PROGRAMS ABOUT PARLIAMENTARY WORK

80% of the channel's daily airtime is dedicated to the Federation Council's work.

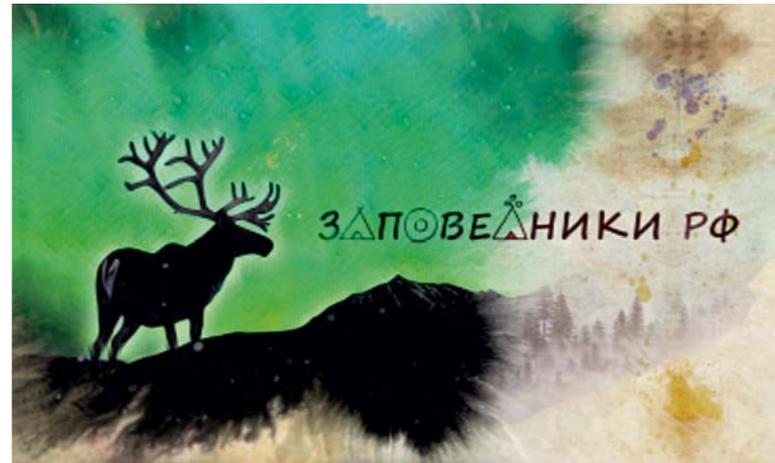

The news features daily stories about important events, special reports, opinions of senators and top state officials, live broadcasts of meetings of commissions and committees of the Russian parliament's upper house.

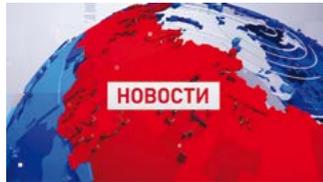

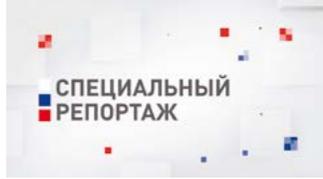

DOCUMENTARY AND EDUCATIONAL PROJECTS

The channel's broadcast schedule includes over 50 self-produced documentary and educational projects.

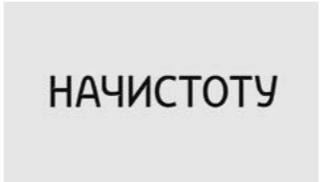

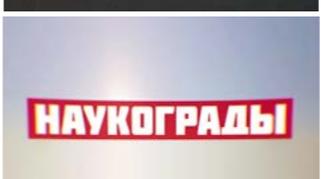

Programs about Russian history, life in the regions, modern science, industry, tourism, nature reserves and, of course, people. People who were instrumental in the establishment of the Russian state and those who continue building it: scientists and architects, artists and entrepreneurs, diplomats, doctors.

Parliamentary content

			Running time (min.)
		<p>NEWS The programs <i>News</i> and <i>News of the Federation Council</i> provide an informative picture of Russia and other major world events. We discuss key events in the Russian parliament's upper house, such as official delegation visits, the legislative process and much more.</p>	15
		<p>SPECIAL REPORT Extensive material on one topic. Information service correspondents analyze a phenomenon or event in detail, draw conclusions based on expert opinions and bring them to viewers.</p>	13
		<p>TOPICAL INTERVIEWS Senators, regional officials, scientists and businessmen share their opinions on relevant issues of the information agenda.</p>	7-13
		<p>LEGAL BASIS Popular topics about laws and legislation. Together with senators, we look at law projects and answer the questions, "Why does society need them today?" and "How will Russians' lives change after they are passed?"</p>	7
		<p>AS SAID IN THE SENATE Main topics and important laws for the country. <i>As Said In The Senate</i> is a program providing first-hand information from senators and experts. We work live from the Federation Council studio.</p>	45
		<p>MEET THE SENATOR A televised portrait of a Federation Council member, including his work in Moscow and the region, professional interests, beliefs, hobbies and family.</p>	13
		<p>EXPERT TIME Speeches at Federation Council meetings by recognized experts in their fields. Scientists and public figures tell the members of the parliament's upper house about problems that are important for the citizens and the state.</p>	30
